

Tropicana Beach Club Testimonials

“The Tropicana Beach Club was an amazing and unique venue for the Pink Ribbon Foundation’s third annual PINKLondon charity event during October’s Breast Cancer Awareness Month 2016. The team at Tropicana were there every step of the way to offer advice and suggestions and nothing was too much trouble for them. Their approach was always simple, and helpful - they understood our vision and supported us and our own ideas. Every member of the team from Management to Bar staff is friendly and it was an absolute pleasure to work with them all at different stages. Our event was a huge success and our supporters had a wonderful evening. I would have no problem recommending them and hope to work with them again in the future”.

Lisa Allen, Head of Corporate Partnerships and Events, Pink Ribbon Foundation

"As for feedback, well, the party at Tropicana went down a real treat. The night flew by and everyone was saying how the venue was just brilliant and how good it all was. Food was top notch (many people were raving about the sliders). Keeping the drinks to a simple spirits/wine/beer option was the best bet too" We will have no problem bringing further clients to this amazing space.

Jennifer Tanner, Head Honcho, Jiant Events

We were the first corporate event to be held at the new and amazing Tropicana Beach Club, our Ibiza themed film premiere after party went down a storm at this new venue. The music, decor and staff were perfect and we couldn’t have picked a better place! The events team couldn’t do more and very organised. We would recommend Tropicana to anyone, 10/10!!
