

Testimonial:

My wife and I had our wedding reception at Searcy's on 9th September 2016 and I can honestly say that, without all the help from our Event Planner - Iwona Bobowska - the day wouldn't have gone anywhere near as smoothly as it did! Iwona's attention to detail and willingness to accommodate absolutely any request we had was phenomenal. From assisting in arranging the canapé and wedding breakfast menus, to decorating the private dining room with her own hand made flower arrangements and creating buttonholes for all the wedding party - Iwona had it all covered! Our wedding was planned over six months, and throughout that time Iwona communicated promptly and clearly with me about any requests or issues I had. Iwona's calmness, patience and enthusiasm were outstanding, put very simply... we couldn't have done it without her!! Iwona's pride in her work, dedication to her clients and passion for her role is obvious to anyone that meets her. On the day, she was even present to serve canapés at the champagne reception - above and beyond the call of duty!! As someone who works in the hospitality industry, I can honestly say, Iwona is a consummate professional and I would recommend Iwona to absolutely anyone who is having a wedding or important event in the future. Iwona, my Wife and I can't thank you enough for all you did for us on our special day - you really are one in a million!!
